

Math 416: Midterm the First

Name:

NetID:

Instructions:

There are 42 points possible on this exam. Take care to note that the problems are not weighted equally. Calculators, phones, books, notes (beyond the allowed one page) and suchlike aids to gracious living are not permitted. **Show all your work and explain your answers** as credit will not be given for correct answers without proper justification, with the exception of the true/false questions in Problem 6.

Finally, please fill in your name, NetId, and UIN in the indicated spaces above and to the right!

Do not open exam until instructed. Good luck!

Do not write in the space below or in the similar areas on each page of the exam. These are reserved for grading. Thanks!
